Sublimation Key Information

Sublimation Manufacturing Processes

CUT & SEW

FINISHED GARMENT

Cut & Sew Sublimation: Fabric is sublimated prior to sewing to ensure full sublimation coverage and best product quality.

Finished Garment Sublimation: Garment is pre-sewn and sublimated in full garment form to speed up the production process. Sublimation after sewing can expose minor imperfections as the garment may not lay completely flat during production. We QC every garment against a reasonable tolerance, but are not responsible for garment imperfections.

Sublimation Order Types

Type	Definition	Available on Finished Garment	Art Approval	Minimum Per Order
Standard Builder	Orders placed on the builder, where all artwork is selected from the builder.	Yes	No	No
Builder with Custom Logos	Orders placed on the builder that utilize a custom logo supplied by the customer in a vector format.	Yes	Yes	No
Full Custom	Full custom orders that contain either a logo redraw, custom design lines, or custom placements. $6.00 MSRP per unit upcharge applies	No	Yes	12

*Augusta Sportswear Brands will not be responsible for production delays caused by natural disasters, strikes, labor disputes, war, riots, civil discord, terrorism, local Mexico holidays, government actions, customs delays, Fed Ex delays.

Lead Times

Standard lead times in business days from art approval:

Please add 5 additional days to the chart below for reversible garments.

Manufacturing Process	Standard Builder	Builder with Custom Logo	Full Custom
Cut & Sew	15	15	25
Cut & Sew Rush (available with charge)	10	10	15
Finished Garment	5	5	–

*Lead times are based on available capacity and may be adjusted during peak periods.
*Lead time starts from art approval. Supplying artwork in vector format and supplying detailed information around placement and colors will help speed up the process.
*Rush lead times are available for $10.00 MSRP per garment on all cut & sew orders. The rush may be turned off during periods of peak demand.
*Please add 5 additional days for reversible orders.

Artwork

How to submit: For quickest and most economical order process, please submit artwork in vector format. We accept either .eps, pdf, or .ai files. Files submitted in this format must be of proper resolution and true vector artwork or they will need to be resent or redrawn. All other file types can be redrawn but will not be an exact match and will extend lead-time.

Art & Roster approval: Art approval is your sign off on the artwork, sizes, quantities, and roster telling us to proceed with an order you have already placed. We do everything possible to ensure order accuracy, but ultimately need your final sign off to produce the garment accurately. It is critical to give the art approval process a thorough review. Lead times do not start until you have provided approval on the artwork, roster, and all relevant order information.

Changes: No changes will be accepted after art approval.

Color: Augusta Sportswear offers a robust color pallet to cover any need. Colors are intended to match each of our brands stock color standards. These colors are calibrated regularly on all equipment. Despite all efforts to perfectly match the color standard, it is impossible to guarantee an exact match from order to order.

Online designs feature RGB values which can vary from one monitor to another. In production, the RGB values are converted to CMYK values for printing. Augusta Sportswear Brands will not be responsible for color variations between online previews and production garments.

Shortages & claims: All shortages/claims must be made within 10 days of invoice date. We will make every effort to get all shortages replaced and shipped within 7 business days.

Sizing & Samples: Reference each individual product page of augustasportswear.com for sizing specs.
